Yeoman Park Academy: Sports and PE grant for 2019-20

Sports Premium

Yeoman Park Academy appreciates the contribution of PE to the health and well-being of its children. We also acknowledge that a broad, balanced, high quality curriculum and extra-curricular activities have a positive impact on concentration, attitude and achievement.

We are committed to ensuring that all pupils receive a minimum of 2 hours of PE per week, delivered by well-trained and enthusiastic teachers. The Sport Premium funding is allowing us to develop a sustainable improvement in teacher confidence and a new curriculum based on developing children's physical skills.

Regular staff training opportunities are provided for teachers and teaching assistants (TAs) to keep them abreast of new initiatives.

What is the Sports Premium?

The government is providing funding of £150 million per annum for the academic years to provide new and substantial primary and special school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary and special schools to spend on improving the quality of sport and PE for all their children. The money can **only** be spent on sport and PE provision in schools.

What is the Sugar Tax?

In the 2016 Budget, Chancellor George Osborne announced that revenue from the soft drinks industry levy will be used to double the primary school PE

and sport premium from £160 million per year to £320 million per year from September 2017, to help schools support healthier, more active lifestyles. This additional funding will enable primary schools to make further improvements to the quality and breadth of PE and sport they offer. This means that the sports grant has been doubled this year to £1000 per eligible student.
