

Maths X5 Weeks' Worth

**For the ones that need visual support though symbols –
Jaden, Charlie and Ava: Please see below.**

Week 1 - Friday

- Finding heavy and light objects and recognising which is which
- Playing number games, snap, matching, puzzles and group/ pair games etc.

Week 2 - Friday

- Finding long and short objects and recognising which is which
- Sharing objects out into two groups – halving

Week 3 - Friday

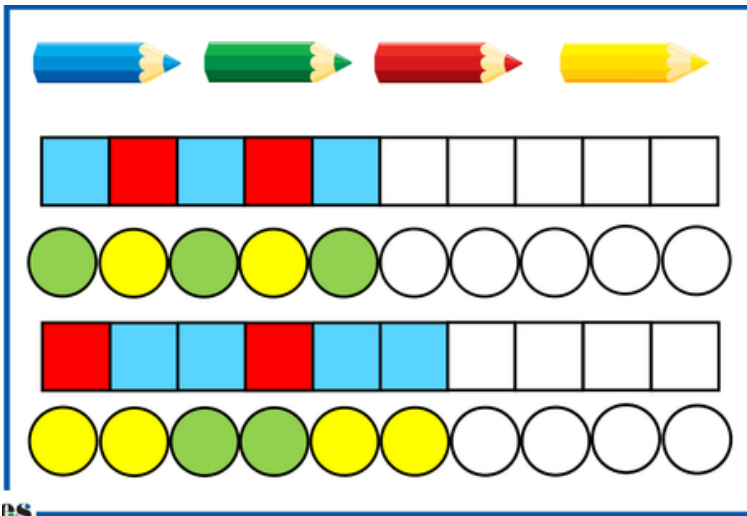

- Finding different shapes around the house and recognising what they are called – Colours and sizes
- Sharing objects out into four groups – quartering

Week 4 - Friday

- Weighing objects on scales and knowing what it says during cooking maybe
- Recognising money – maybe try playing a shopping game, paying – adding/ subtracting, communicating and reading how much things cost etc.

Week 5 - Friday

- Knowing numbers to 30 and putting them in the right order - **For Jaden and Charlie just to 10 and Ava to 20.**
- Creating repeating patterns and knowing what comes next – please see examples below to explain visually what I mean:

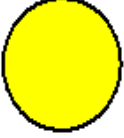

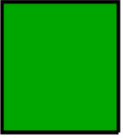

You can do repeating patterns through colours, shapes, number and objects.

Symbols to help you in activities

You might need to help Jaden, Charlie and Ava find objects around the house that fit with the activity they are doing.

 Heavy	 Light	 Circle	 Square
 Big	 Small	 Triangle	 Rectangle
 Long	 Short	 Kite	 Dot
 Half	 Quarter	 Line	 ZigZag

1 1	2 2	3 3	4 4	5 5
6 6	7 7	8 8	9 9	10 10
11 11	12 12	13 13	14 14	15 15
16 16	17 17	18 18	19 19	20 20
