Primary

These follow a three-Year Cycle and are split into half terms. All Years start with ‘Me & My Class.’ The themes are simply handles which assist the children in developing skills. Themes are based on the EQUALS schemes of work that were written for children achieving below Age Related Expectations. There are two types of Scheme – The Equals Semi-Formal Curriculum and Equals Schemes of Work. The Equals Semi-Formal Curriculum is formed from themes that may be delivered within a set time period of over a longer period of time such as a year, this is reflected in the cycle as are skills that need to be taught. Whilst Equals Schemes still refer to the P-Scales the activities and skills are still valid. All children should be able to access some elements of the schemes.
