

Long-Term Plan		Curriculum Strand	My Thinking and Problem Solving	
Trust	Diverse Academies	Subject	Science	
School	Yeoman Park Academy			

	Autumn	Spring	Summer
Year A 2022-23 2026-27	Biology – Animals Including Humans	Chemistry – Rocks	Physics – Forces and Magnets
Year B 2023-24 2027-28	Physics – Seasonal Changes (Autumn and Winter)	Chemistry – Everyday Materials Chemistry - Properties and Changes of Materials	Biology – Plants
Year C 2024-25 2028-29	Biology – Living Things and their Habitats Biology – Evolution and Inheritance	Physics – Seasonal Changes (Spring and Summer)	Physics – Electricity
Year D 2025-26 2029-30	Physics – Light and Sound	Physics – Earth and Space	Chemistry – States of Matter

Each term, there is a scientific topic focus, linked to either Biology, Chemistry or Physics. Through the teaching and learning of the My Thinking and Problem Solving curriculum strand, pupils will be given the opportunity to carry out investigations and experiments, covering the **Working Scientifically** strand and working towards objectives linked to this area of the curriculum.
